

**EXTRA HELPING HAND ALWAYS AVAILABLE...**

**ADDITIONAL TRAINING**

### **GSR Completing Notices and Reports.**

As part of our values in helping the engineer be competent and confident we offer a half day classroom based course on completing Notices and Reports.

This course is generally aimed at new entrants into the industry however it is proven a general helping hand to existing engineers and staff within the housing sector.

It includes:

- What Warning Notices and labels mean
- The importance of completion of notices
- What constitutes NCR, AR, ID
- Guidance on what action should be taken when unsafe situations are discovered
- Explaining Unsafe situations to customers
- What warning notices and labels mean when attached to dangerous appliances

This course can also be tailored to suit specific requirements of the individual/business.
